Current Position

Senior Medical Advisor and Research Director
Environmental Health Trust

Education

1978	BA, Engineering and Applied Science	Yale University
1982	MS, Civil Engineering	University of Wisconsin- Milwaukee
1986	PhD, Environmental Engineering	University of Wisconsin- Milwaukee
1988	MS, Biostatistics	Medical College of Wisconsin
1991	MD	Medical College of Wisconsin

Academic Appointments

1986	Lecturer, Department of Civil and Environmental Engineering, University of Wisconsin - Milwaukee
1990	Visiting Scientist, Department of Health Policy, Harvard University School of Public Health
1991-1993	Assistant Professor, Division of Biostatistics and Epidemiology, Medical College of Wisconsin
1994-1996	Assistant Professor, Department of Family and Community Medicine, Medical College of Wisconsin
1996-1997	Associate Professor, Department of Family and Community Medicine, Medical College of Wisconsin

- 1997- 2002 Associate Professor, Department of Family Medicine and Community Health, Tufts University School of Medicine
- 2002-2005 Adjunct Associate Professor, Associate Professor, Department of Community Health, Tufts University School of Medicine
- 2002- 2005 Adjunct Associate Professor, Washington State University Department of Civil and Environmental Engineering
- 2005- 2006 Visiting Scholar, University of Washington School of Public Health

Other Work Experience

- 1975 Research Assistant, Marine Biological Laboratory
Woods Hole, Massachusetts
- 1976 Intern, United States House of Representatives, Sub-committee on Energy and Environment
- 1978-1979 Staff Scientist, Earth Metabolic Design, Inc.
New Haven, Connecticut
- 1980-1981 Production Manager/Systems Engineer, Windworks, Inc.
Mukwonago, Wisconsin
- 1982-1985 Research Assistant, Department of Civil Engineering
University of Wisconsin – Milwaukee
- 1986-1990 Research Associate, Division of Epidemiology and Biostatistics
Medical College of Wisconsin

Awards, Honors

- 1982-1983 University of Wisconsin-Milwaukee Graduate Fellowship
- 1984-1985 University of Wisconsin-Milwaukee Dissertation Fellowship
- 1985 National Science Foundation Graduate Fellowship (Honorable Mention)
- 1985 Phi Kappa Phi Academic Honor Society
- 1995 Selected for 40 under 40 leaders in Milwaukee by Milwaukee Business Journal
- 1995 Elected to National Board of Sponsors for Physicians for Social Responsibility
- 1993-present Selected for Registries of Who's Who in the World, in America, in Science and Engineering, in Medicine and in the Environment
- 2008 Best Consumer Health Books 2007- American Library Association
- 2008 Nautilus Gold Award for The Blue Death
- 2008 Washington State Book Award Finalist

Advisory Committees and Activities

National

- 1991 – 1993 National Academy of Sciences Committee on Environmental Epidemiology
- 1991 – 1993 International Collaborative Group on Clinical Trials Registries
- 1993 - 1996 Grant Reviewer, Great Lakes Protection Fund
- 1994 - 1996 Program on Global Environmental Change and Health (Associate Director)
- 1994 - 1996 Great Lakes Protection Fund – Health Effects Advisory Board
- 1994 – 1995 Physicians for Social Responsibility National Board of Directors: Chair of Environment Committee
- 1995 - 2002 Grant Reviewer, National Cancer Institute
- 1995 - 2002 Grant Reviewer, National Institute for Environmental Health Sciences

1997- 2003	Boston University Superfund Research Center External Advisory Board
1996 – 2000	EPA Federal Advisory Committee on Disinfection By-products and Microbial Health Risks
1997- 2002	International Life Sciences Institute Expert Panel on Mixtures of Disinfection By-products
1998	EPA/HEI/GRI Panel on Health Effects of Low-level Carbon Monoxide

Community

1994 - 1997	Board of Directors- Fight Asthma Milwaukee (Founding Member)
1995 - 1997	16 th Street Community Health Center Advisory Committee

Teaching Responsibilities

Medical School

1991-1995	Introduction to Epidemiology and Biostatistics
1997-1999	Introduction to Epidemiology and Biostatistics (Course Director)
2000-2002	Introduction to Epidemiology

Graduate School

1991-1993	Introduction to Epidemiology
1993	Advanced Topics in Epidemiology
1995	Epidemiological Methods
1995	Environmental Epidemiology
2001	Introduction to Biostatistics

Membership in Professional and Honorary Societies

1991 -	Society for Epidemiological Research
1993 -	International Society for Environmental Epidemiology
1991 -	American Public Health Association

Selected Consulting Activities

1992	National Institute for Environmental Health Sciences
1992	Canadian Workers Compensation Board
1992-1997	California, New Jersey, Wisconsin Departments of Health
1993-	Environmental Protection Agency
1994-1997	International Life Sciences Institute
1994	President's Cancer Panel
1994-1995	Centers for Disease Control
1996	Health Canada
1998	Health Effects Institute
1997-1999	Federal Advisory Committee on Drinking Water Safety
2000	International Joint Commission on the Great Lakes

Editorial Boards and Manuscript Review

Editorial Board

2004 -2006 Environmental Health Perspectives

Manuscript Reviewer

1991 - Bio-Electromagnetics

1992 - International Journal of Obesity Research, Statistics in Medicine

1994 - Diabetes Care

1995 - American Journal of Public Health
Environmental Health Perspectives

1996 - Annals of Epidemiology, Cancer Prevention and Control

1997- Journal of Toxicology and Environmental Health

1999- Epidemiology

2001- Pediatrics

2002- American Journal of Industrial Medicine

2004- Journal of the American Medical Association

Invited Lectures and Workshops:

Invited Presentations

1. "Who are Effective Communicators of Environmental Risks?". A Keynote Address at the Wingspread Conference on Environmental Stewardship and Environmental Health. Racine, Wisconsin, July 1992.
2. "Geographic Distribution of Breast Cancer among the Elderly in the United States." International Society for Environmental Epidemiology, Cuernavaca, Mexico, August 1992.
3. "Health Benefits and Risks of Water Chlorination". Symposium on Health Effects of Great Lakes pollution. Milwaukee, Wisconsin, October 1992.
4. "Meta-analysis in Cancer Epidemiology". US-Japan Conference on Biostatistics and Cancer. Tokyo, Japan, November 1992.
5. "Cancer risks from Chlorination and Chlorination by-products as indicated by studies of human populations". College of DuPage Seminar on The Chlorine Dilemma. Glen Ellyn, IL, December 1992.

6. "Geographic Distribution of Breast Cancer Incidence among the Elderly based on Medicare Billing Data". NIEHS/Health and Welfare Canada Workshop on Breast Cancer and the Environment, Washington, DC, December 1992.
7. "Priorities in Environmental Health". Fifth National Conference on Environmental Health, Atlanta, Georgia, December 1992.
8. "Meta-analysis: The View from Clinical Trials". ISEE/ISEA Symposium on Meta-analysis for Environmental Epidemiology and Exposure Analysis. Atlanta, Georgia, May 1993.
9. "Breast Cancer in Wisconsin". American Cancer Society Wisconsin Chapter Conference, Appleton, Wisconsin, September 1993.
10. "Environmental Risk Factors for Colorectal Cancer" National Institute of Environmental Health Sciences workshop, Research Triangle Park, North Carolina, September 1993.
11. "Geographic Distribution of Breast Cancer in the Elderly". Midwest Consortium of Cancer Centers, Ann Arbor, Michigan, September 1993.
12. "Breast Cancer and the Environment: Directions for Future Research". Long Island Breast Cancer Action Coalition on Breast Cancer and the Environment, Garden City, New York, November 1993.
13. CDC Workshop on the Health Effects of Air Pollution from Non-nuclear Energy Production and Use. Atlanta, Georgia, January 1994.
14. "Cancer, Chlorination, and Cryptosporidium: Health Risks from Drinking Water", National Convention of the Water Quality Association. Phoenix, Arizona, March 1994.
15. "Drinking Water and Human Health", Keynote Address to California Forum on the Safety of Drinking Water. San Francisco, California, April 1994.
16. "Drinking Water and Cancer", President's Cancer Panel. Bethesda, Maryland, April 1994.
17. "Water Borne Infectious Disease: from Cholera to Cryptosporidium," Energy and the Environment Studies Institute Symposium on Drinking Water Safety. Washington, D.C., June, 1994
18. "Meta-analysis in Environmental Epidemiology: Lessons Learned," International Life Sciences Institute Workshop on Meta-analysis. Washington, D.C., August, 1994.

19. "Chlorine, Cryptosporidium and CDC: Musings from Milwaukee," National Center for Environmental Health. Atlanta, Georgia, November, 1994.
20. "Drinking Water and Regulatory Reform," Testimony to the Senate Judiciary Committee, Washington, D.C., March, 1995.
21. "Drinking Water, Human Health, and Risk Assessment," Energy and the Environment Studies Institute Symposium on Risk Assessment. Dirksen Senate Office Building, Washington, D.C., April, 1995.
